Quiet and Clean: The Solar Generator 5000 Plus is your sustainable, zero-emission alternative to diesel generators, eliminating CO and pollution risks. Charging silently at under 30dB, this whisper-quiet solar generator creates a peaceful environment for reading or other activities--even during power outages.

Solar generators are used as a backup power supply both indoors and outdoors. 500 watt solar generators are portable, compact, and can usually be charged via electrical ports, carports, and solar panels. Most units do not come with solar panels, and these will have to be purchased separately. A 500-watt solar generator can easily power:

?Clean and Solar Energy?The solar generator kit includes a 500W Power Station and a 100W Solar Panel.
