Who is the leading Bess integrator in 2024?

China's Sungrow has usurped Fluence as the leading global BESS integrator in the 2024 rankings composed by S&P Global Commodity Insights, a testament to the rapid expansion of Chinese players in the global market.

Who is Beijing hyperstrong technology?

The company, full name Beijing HyperStrong Technology, grew substantially over 2019-2022 to become the largest system integrator in China, it claims, and one of the top five in the world by deployments according to S&P Global. Last year it deployed 10GWh in China and this year expects to do 20GWh.

Is Kehua Tech expanding into the global Bess market?

Industry converges to 20-foot, 5MWh products Kehua Tech, one of several companies from China to have recently expanded into the global BESS market, exhibiting at EES Europe / Intersolar 2024. Image: Solar Media. HyperStrong, China's largest BESS integrator, is also expanding internationally with a 5MWh product. Image: HyperStrong.

How much power does Bess have in China?

Like other companies from China, the firm's latest generation BESS solution is a 5MWh 20-foot DC block offering 1-4 hour durations, and it claims 10GWh of orders from outside China already.

Is Bess a viable form factor?

Several BESS developers and operators have recently said the 20-foot 5MWh form factor was the only viable product for their projects. Prevalon (until recently the BESS arm of Mitsubishi Power Americas) said that the cost reductions have made any other form factor virtually untenable.
