

Anti-theft bolts for photovoltaic brackets

What are anti-theft solar panel clips?

Anti-theft solar panel clips are crafted to secure solar panels to their mounting systems. Often built from sturdy, long-lasting materials like stainless steel, these clips boast tamper-resistant screws and locking mechanisms for added security.

Are anti-theft solar panels a good idea?

The addition of anti-theft solar mounting PV panel clips to solar panel installations is a game-changer for peace of mind for property owners and solar project managers. The assurance that the solar panels have an extra layer of protection against theft and tampering allows stakeholders to relax and feel secure.

Do solar panels need a security bolt?

Some rack systems have a bolt sticking up that requires a security nut (such as Unirac(TM)). Other types, such as Pro Solar(TM), require a security bolt that connects the mounting bracket to a block in the track. Heliotex(TM) can provide a Heliolox(TM) solar panel fastener or any solar panel mounting system.

Are solar panel security fasteners worth it?

There are, however, a few companies that have come up with solar panel security fasteners, a definite upgrade in solar panel security. The cost of these fasteners is minimal compared to the potential cost of replacing stolen solar panels.

What type of fastener do I need for a solar panel?

The type of solar panel mounting system you have will determine the type of fastener you will need. Some rack systems have a bolt sticking up that requires a security nut (such as Unirac(TM)). Other types, such as Pro Solar(TM), require a security bolt that connects the mounting bracket to a block in the track.

Are solar panel racks secure?

In fact, most solar panel rack systems secure solar panels with a simple nut or bolt. This requires no effort on the part of thieves to remove them. There are, however, a few companies that have come up with solar panel security fasteners, a definite upgrade in solar panel security.

Sale! Kenbrook Solar Aluminium End Clamp, With Spring Nut and Allen Bolt for Mounting 1 Solar Panel (1 Panel, 40MM Frame) INR 1,129.00 Original price was: INR 1,129.00. INR 549.00 Current price is: INR 549.00. (Inclusive of All Taxes)

Simple is often best. This bracket simply slides over the bottom gate pin and can be locked with a padlock (not supplied) preventing the gate from being lifted off its hinges. These will not work on double strap top hinges but do work on adjustable bottom eye hinges and metal gates if the hinge pins are either hooks to drive or bolt through wooden gate posts. These will not fit metal posts ...
