Weza Power was formed as a result of a multi-year development partnership between Anzana Electric Group (formerly Virunga Power, a Gridworks investee company) and the Government of Burundi. Supporting the initiative with development & construction capital is the Global Energy Alliance for People and Planet (GEAPP) and the US Government's ...

Pulsed-power generators store electrical energy, compress it in time and space, and deliver it as a strong, fast and short high-power pulse. In a pulsed-power machine, low-power electric energy from just a wall plug can be stored in an electrical bank and leave as a compressed pulse of power. The duration of the pulse is increasingly shortened ...
