Cebu Solar Solutions &gt; News &gt; BLOG. BLOG. Concord Market Days 2021. no responses July 22, 2023. It was a terrific event, and the weather was mostly good, with the exception of a blustery Thursday. Thanks to everyone who stopped by to talk solar with us and setup their free estimate. We'll look forward to seeing you all again next year!

The Federal Investment Tax Credit, or ITC, is a federal tax program available to anyone installing a solar system before the end of 2023. It offers the ability to recoup up to 30% of the gross cost of an installed solar system for the final year in 2022, and often means considerable savings to average homeowners.

Cebu Solar is an emerging supplier of Renewable Energy Systems and Solar Technology Integration. CS is under the Advance Solar Technology (AST), established in 2002 by Tommy Lee Tirey Jr., an American inventor of the Solar Fluid Heating System with US Patent using the parabolic dish concentrating solar power technology.

When compared to all other energy sources, PV solar consistently ranks as by far and away the cleanest. By most metrics, the carbon footprint of the solar panel production process is "net-zeroed" within two to three years. Incidentally after those same solar panels should produce energy from between 25 and 50 years.
