Where is xendee headquartered?

XENDEE develops advanced software for financial & technical optimization and operation of resilient Microgrids and renewable energy systems. and is headquartered in San Diego, California, United States. Where is XENDEE Corporation 's headquarters? XENDEE Corporation is located in San Diego, California, United States.

Why is xendee a great company?

"Xendee is thrilled to see the success of our customers and the expanding interest in our software platform to streamline the sales, design, and operation of clean energy projects," said Adib Nasle, CEO and Co-Founder of Xendee. "Our enthusiasm stems from the pivotal role our innovative solutions play in advancing toward a more sustainable future."

When did xendee Corporation close?

XENDEE Corporation closed its last funding round on Jun 15, 2022 from a Series A round. Who are XENDEE Corporation 's competitors? Alternatives and possible competitors to XENDEE Corporation may include Radiant , Type One Energy , and Veloce Energy.

Does xendee support EV charging?

The first major Xendee launch of the year was MOBILITY, which allows firms to quickly design EV charging infrastructure supported by Distributed Energy Resources. However, in order to move any EV charging, DER, or microgrid project forward, feasibility analysis and design approval must take place.

Why should you use xendee?

"Once we had Xendee, it cut down the effort of putting all the technical pieces together, and allowed us to quickly see the power different technologies would provide to a system. Using Xendee reduced our time and effort by over two thirds, and allowed us to offer a new "rapid response" analysis product to our clients.

What is xendee's proposal?

Xendee's PROPOSE is a catalog driven proposal tool designed to win deals fast and pass projects to engineers effectively. Propose Solutions-> With DESIGN, quickly model detailed power and thermal flow in your microgrid/DER network together with financial constraints. Design for Optimal Performance->

SAN DIEGO: #DistributedEnergy--Xendee Corporation, provider of the leading design and operation platform for distributed energy and microgrid systems, announced today that Peter Lilienthal has joined as an advisor. With more than 40 years of international experience in the design and the economic and financial analysis of hybrid renewable and microgrid ...

With Dr. Lilienthal's addition to Xendee's advisors, the company is well-positioned to continue to
