How many Viridian solar panels did Morgan Sindall install?

In Winchester, we installed 11.5kWp of PV across four new build plots for Millgate Homes. We integrated 46 Viridian panels into the new roofs for a flush and efficient design. Read more... Morgan Sindall contracted us to install this extensive 103kWp solar PV system over four units at Dolphin Retail Park in Salisbury.

Who is CPD training in solar PV & battery storage?

CPD training in solar PV and battery storage systems. We work for more than 50 contractors and consultants, ranging in size from small local M&E firms, right up to some of the UK's largest house builders and construction companies. In Winchester, we installed 11.5kWp of PV across four new build plots for Millgate Homes.

Who installed this 103kwp solar PV system at Dolphin retail park?

Morgan Sindall contracted us to install this extensive 103kWp solar PV system over four units at Dolphin Retail Park in Salisbury. Read more... Contact us today on 0118 951 4490 to discuss your project needs. obtain necessary approvals early on.

When will Trinity Road solar panels be installed?

The Trinity Road installation, which incorporates a mix of the commonly used 'hook and rail' system, whereby solar panels are anchored externally to the existing roof, and integrated in-roof panels which replace existing roof tiles and provide additional strength, is expected to be completed by early August.

Who are spirit Solar Contractors?

Spirit is well known amongst contractors for the installation of solar PV and battery storage systems. We have over 10 years' experience in the design, supply and commissioning of new build and retrofit projects, working in conjunction with electrical contractors, principal contractors, architects and consultants. Need quality engineering?

Will the bridge Leisure Centre be a pilot property for solar panels?

The Bridge Leisure Centre, at Broadbridge Heath, has been identified as an eligible property for the installation of solar panels under this scheme and it is proposed that it is used as a pilot for the partnership. If The Bridge project is successful, other suitable council-owned properties will be identified in the future.
