the manufacturing of photovoltaic (PV) and solar water heating (SWH) panels. Providing services in Distribution, Repairs, Installation & Maintenance of Renewable ...

SetSolar geyser systems use solar panels to power existing electrical geysers (up to 4kW elements). Hybrid Power Setup The solar geyser systems can be set up to operate as a hybrid between AC and PV power, where AC power is partially used to heat up the water and the solar panels heats it up further, significantly cutting costs.
