On such a little thing my life hung that I often marvel that I escaped so easily. Had not the rifle of the leader of the party swung from its fastenings beside his saddle in such a way as to strike against the butt of his great metal-shod spear I should have snuffed out without ever knowing that death was near me.

Fractal EMS includes a detailed data historian using web-based data retrieval for interactive visualization, analytics and custom report creation. All data is encrypted (including customer provided data) and is hosted with separate permission levels to maintain privacy and security of data. Time series data available for all interconnected ...
