Does Greenlight planet offer solar home systems?

Greenlight Planet offers solar home systems and financing to off-grid communities in 62 countries, relying on the direct-to-consumer, pay-as-you-go (PAYG) model. Its line of Sun King solar-powered products includes lighting, home energy systems, phone chargers, radios, fans, and soon-to-be-released TVs.

Is Greenlight Planet a good choice?

Anish Thakkar, co-founder of Greenlight Planet, believes it was a good choice because "a lot of the innovations and adaptations we have made to our model have been because of realities on the ground in Bihar, and they will work in other states." For more information, you can email Anish at anish@greenlightplanet.com.

Who was nominated for a 'greenlight Planet' Award?

Sun King (Greenlight Planet) was nominated for the award by Citi. The nomination came after Citi coordinated a USD 75M in local currency debt financing to help with the expansion of solar to off-grid communities throughout Kenya. The other lenders included CDC Group plc, Norfund, and Standard Bank Group.

Will Greenlight planet become Sun King?

Greenlight Planet will now simply become Sun King! "Sun King" - it's been the name of our products from day one, and most customers already think Sun King is the name of our company. So, we'd like to retain this and completely transition to an already popular identity.

Can Greenlight help finance products in India?

Greenlight has connections in India and can help finance products there if Greenlight is interested. We're also looking at other companies that sell products Greenlight could possibly sell through their channel, and we would definitely facilitate those connections.

How does Greenlight operate in Bihar?

Greenlight has been operating in Bihar for almost two years. Their distribution network consists of village-level direct sellers, called Sun King saathis (which means 'friend'), each of whom covers a group of villages (around 2,000 households). This network includes team leaders, district sales managers, and regional sales managers.

The Greens in Finland. Join. We need you! Membership in the Green Party is a statement in support of Green values. For Palladium magazine, WePlanet's Tea Törmänän wrote a piece, with Marco Visscher, on how green activists like herself have changed the Green Party's position on nuclear energy. The landmark shift may hold the key to a more pragmatic way for Europe to deal with climate change and the energy crisis. The Olkiluoto nuclear power plant provides nearly a third of Finland's ...

The roads that sweep north to Lapland are often empty, but you'll need to watch out for reindeer (the Porokello app warns of high-risk reindeer-crash areas) and ice in winter.. Summers are for primeval pleasures; winters are for festive magic. Finland is too big for just one bite, so plan carefully and resist the temptation to cram everything into one trip.

In a landmark shift, Finland's Green Party unanimously adopted a positive stance on genetic engineering in agriculture at the party council's meeting last weekend. Until now, Green parties around the world have used their political power to prevent the use and development of GMOs, even when the scientific consensus shows no negative impact on ...

As Finland gears up for COP28, the importance of such international events cannot be overstated. It serves as a melting pot where companies and representatives from diverse organizations converge to share ideas, influence policies, and forge partnerships. This is the arena where Finland showcases its prowess in research and development, laying ...

But what does an aurora sound like, you ask ... That's a good question, one only recently answered by Finnish scientists. Though reports of auroras crackling or rustling were long considered folklore, in 2012, researchers observed sounds emanating from the air as a result of auroras. It's not common, but if the daytime weather is just right, you might hear something ...
