We are Galaxy Solar energy co.,LTD was established in 2005,is specialized in power supply system and commercial and domestic photovoltaic power generation project of new energy company, located in Dongguan City, Guangdong Province, China om system design, solar cells, solar panels,solar inverters, normal inverters, UPS, battery etc, the controller system, ...

Given that solar energy is still in its early stages, there is a unique opportunity to build a more gender-inclusive sector, with women taking up leadership roles. Affordable solar can power Ghana's diverse industry . An increasing number of Ghanaian businesses are switching to solar energy to power their operations.

ACCRA, August 13, 2020 - Adwoa Adezawa lives on the Cape Coast of Ghana near the Elmina fishing port on the Atlantic coast.Her husband is a fisherman, and each day he must travel farther to find fish. However, the most difficult part of their life as a family, she said, has been the complete absence of electricity.

Ghana is located on the optimal latitude for generating solar energy. By offering personal advice to various parties SmartSolar wants to exploit this optimum the best way possible. The complexity involved in the consultation and design of solar power systems, especially in the off-grid sector, can be an obstruction to many parties.

The use of renewable energy as a substitute for fossil fuels has several advantages. For a long time, the growth of Ghana's renewable energy industry has been a priority for both the past and present governments. Currently, the economic growth of Ghana has not been impressive and the country is entrenched in an energy crisis. Despite the country's ...
