A sunroof for a car includes a glass top hingedly interfitting with a frame. The frame includes a channel which is gasketed and overlain by the glass top. The glass top is controlled by a clip having a rocker arm lockable both open and closed. The rocker arm is spring biased for easy installation and removal of the glass top. The channel, having gaskets around both its walls, ...

Google earth shows updated satellite pictures with the tree removed, but project sunroof still shows the tree blocking a large part of my roof. Is there an alternative to project sunroof? Or a likely time it will take for them to update? I don't understand why it's still outdated given that it's owned by google

Google ha gi#224; uno strumento utile a tal fine, ma finora lo aveva sfruttato soltanto negli USA: si tratta di Google Sunroof, un servizio ideato da Carl Elkin che si basa sulle fotografie aeree e sull'Intelligenza Artificiale per capire quali tetti siano meglio esposti, quali non abbiano ancora pannelli fotovoltaici installati e quale sia ...

Google Project Sunroof is an initiative started by Carl Elkin, a Google engineer in Cambridge, MA. The online tool went live in 2015 to help homeowners determine if their home is ideal for solar energy and if the potential savings are worth the investment. Project Sunroof's biggest claim to fame is its solar calculator tool, which uses multiple ...

Is there an alternative to project sunroof? I had a large tree that provided shade on a lot of my roof removed. Google earth shows updated satellite pictures with the tree removed, but project ...
