

Does Guyana have a loan guarantee?

GEORGETOWN, Nov 28 (Reuters) - Guyana has received preliminary approval from the U.S. Export-Import Bank for a more than \$500 million loan guarantee to support a natural-gas fired power project and gas processing facility, a government official said on Thursday. Construction of the about \$2 billion gas-to-energy project is underway.

How does Guyana produce oil?

Guyana's oil production comes from three floating production, storage, and offloading (FPSO) vessels: Liza Destiny, Liza Unity, and Prosperity. These vessels produce oil and natural gas from the Liza and Payara projects. All associated natural gas is reinjected into wells to support its production and used as on-site fuel.

How many offshore oil discoveries have been made in Guyana?

The first significant oil discovery in offshore Guyana was made by ExxonMobil in 2015 at what is now the Liza project in the Stabroek block. Since then, ExxonMobil and its partners, Hess and the China National Offshore Oil Corporation (CNOOC), have made more than 30 additional offshore oil and natural gas discoveries within the Stabroek block.

Where are Guyana's oil and natural gas resources located?

Guyana's most recent estimate of recoverable oil and natural gas resources is more than 11 billion oil-equivalent barrels, and developers are still exploring the country's offshore waters. Guyana's discovered oil and natural gas resources are currently located offshore within the Guyana-Suriname Basin of the Atlantic Ocean.

How much oil does Guyana produce a day?

Since starting production in 2019, Guyana has increased its crude oil production to 645,000 barrels per day (b/d) as of early 2024, all from the Stabroek block. Guyana increased crude oil production by an annual average of 98,000 b/d from 2020 to 2023, making it the third-fastest growing non-OPEC producing country during this period.

Will Guyana start a new business in 2025?

Startup may not come before the fourth quarter of 2025, officials have said. The ExIm Bank loan guarantee would cover purchases of U.S. supplied equipment for the onshore facilities, Guyana's Vice President Bharrat Jagdeo said at a media briefing.
