What is Horay solar?

HoRay Solar was established in 2020. The company focuses on the R&D and sales of solar power systems and modules. It has the most advanced fully automated assembly line, and the annual output can reach 500MW. HoRay Solar can supply the latest 166mm half-cut and bifacial modules, and it is planned to produce 182mm modules up to 500W.

Where are Horay solar products exported?

Our products are exported worldwide, including Europe, America, and Southeast Asia. At Horay Solar, we pride ourselves on our cutting-edge, fully automated production lines.

Why should you choose Horay solar?

Looking ahead, Horay Solar will persistently dedicate itself to the photovoltaic module industry, assuming the responsibility of promoting global green energy development. Together with international partners, we strive to create a better life for humanity and contribute to a greener home for every individual worldwide.

Horay Solar Co., Ltd. (formerly My Solar) was founded in 2010. With a profound 15-year presence in the photovoltaic module industry, Horay Solar has emerged as a comprehensive photovoltaic company specializing in the research, production, and sales of ...

Munich's New International Expo Center recently played host to Intersolar Europe 2023, a global solar summit that saw participation from a myriad of solar enterprises and industry aficionados. Among the luminaries, HoRay Solar, with its established European market presence, was a beacon of innovation and collaboration.

The success of the SNEC expo underscores this sentiment and positions HoRay Solar as a pivotal player in this transformative era. Pre:HoRay Solar's Vibrant Team Retreat in Changzhou, Jiangsu. Next:HoRay Solar Shines at Intersolar Europe 2023: Reflecting on Successes and Looking Forward.
