To support you with paying your bill, logging into your account, moving and more, visit the National Grid US website. Take me to the US website Not a US customer? Continue to National Grid Group. ... energy to power your homes ...

That website is insane. I couldn't believe it when I first saw it. I use safari on a Mac and it works 90% of the time. Sometimes, though, my payment just didn't go through and the people on the phone are NOT helpful. Phone support once insisted I put my account number in wrong even after I explained that my computer auto fills the numbers.

Note: "In case of failed transactions due to technical reasons at gateway provider or banker side, the payment will be updated within 48 hours against the bill in TGSPDCL or otherwise the bank will refund the amount in 3 -7 working days to the consumer account."
