

India hyperstrong bess

Is hyperstrong a good battery energy storage system integrator?

HyperStrong was ranked among the top five BESS integrators in the 2023 Battery Energy Storage System Integrator report published by S&P Global Commodity Insights.

How BSES is implementing India's first utility-scale battery energy storage system?

BSES in Delhi is implementing India's first utility-scale standalone Battery Energy Storage System (BESS) to provide uninterrupted power supply during outages, improve grid stability, and integrate renewable energy. Learn more about this innovative project!

Who is the best Bess integrator in China (Mainland) market?

The report also ranks HyperStrong as the top BESS integrator in China (mainland) market in terms of cumulative installed and contracted project capacity in both GW and GWh, and No. 4 in the global market cumulatively. These two rankings are both based on project capacity as of end of July 2024.

What is the significance of Bess project in India?

The project's significance extends beyond its innovative tariff model. With a levelized annual tariff of INR 57.6 lakh per MW, nearly 55% lower than the previous benchmark (INR 130 lakh/MW/year), the project sets a new standard for BESS affordability in India.

Does India need Bess integration?

India's urgent need for BESS integration in the distribution grid is underscored by the country's substantial Variable Renewable Energy (VRE) penetration, which exceeds 12% in certain regions.

Why should you choose Indian-made batteries for a Bess project?

Indian-made batteries offer reliable supply timelines for BESS projects critical to India's energy transition. Improved After-Sales Support and Maintenance: Indian manufacturers can offer better after-sales service and maintenance support due to proximity, reducing downtime and increasing reliability for BESS installations.

The Delhi Electricity Regulatory Commission (DERC), the electricity board for India's National Capital Territory (NCT), has given approval to the 20MW/40MWh BESS project, the multilateral Global Energy Alliance for ...

Recently, HyperStrong was ranked by S&P Global Commodity Insights among the top 5 battery energy storage system (BESS) integrators globally, in terms of both installed projects and total pipeline ...

The company has now set up offices in California (US), Frankfurt (Germany) and Australia to target the North America, EMEA and Asia-Pacific regions respectively, with a Singapore office covering the international operations at-large.
