ITM Power's top competitors include Advanced Ionics, Power to Hydrogen, and Fusion Fuel. Advanced Ionics. Analyst Briefing Submitted. Advanced Ionics specializes in the development of electrolyzer technology for green hydrogen production within the energy sector. The company's electrolyzers are design...

Green Hydrogen, produced by PEM electrolyzers and powered by renewable energy is the only net-zero fuel source. Unlike other fuels, it doesn't remove oxygen from the atmosphere - or add more water vapour to the atmosphere than it consumes during production - which helps retain the earth's existing oxygen and water balance.
