

What is Lesotho solar energy society?

Lesotho Solar Energy Society (LeSES) acts as a platform for the industry and clean energy expert groups to exchange information and implementation of an industry code of practice. Hlotse, Leribe, Lesotho. Decentralized renewable energy production (biogas and solar) and energy saving technologies (stoves), technical training.

Does Lesotho rely on imported electricity?

The southern African nation of Lesotho is heavily reliant on imported electricity from neighbouring countries. Imported electricity comprised 41% of volume and 86% of cost. This put enormous pressure onto the Government of Lesotho and the state owned Lesotho Electricity Company (LEC).

How did Frazer solar Help Lesotho?

Imported electricity comprised 41% of volume and 86% of cost. This put enormous pressure onto the Government of Lesotho and the state owned Lesotho Electricity Company (LEC). Frazer Solar developed a multifaceted project that would dramatically improve the situation by reducing electricity imports.

Why has FSG taken legal action against the Government of Lesotho? FSG was left with no option but to pursue legal action when the Government of Lesotho breached its contractual obligations around an agreement to provide 40,000 solar water heating systems, 20MW of solar photovoltaic capacity, 1 million LED lights and 350,000 solar lanterns nationwide.

The newly installed solar energy systems in South Africa form part of the 1 088 solar-powered sites across all of Vodacom's markets. The company also installed the largest single rooftop solar installation at its Century City offices in Cape Town in 2012, and Vodacom Lesotho's head office has been powered by solar energy since 2017.

Frazer Solar has begun seizing Lesotho's assets abroad in order to enforce EUR50m in contractual damages. It has already taken control of royalties that Lesotho earns on water and power supplies to South Africa, after a US court gave it the go-ahead last month to employ tactics similar to those used by creditors to chase countries that have ...
