

Longi Solar Power Official Website

Is Longi a good solar company?

LONGi, a world's leading solar energy technology company, announced that the company received "Top Brand PV Award Canada 2024" by EUPD Research. LONGi has once again retained its AAA ranking in PV-Tech's Q2 2024 PV Module Tech bankability ratings, the 18th consecutive quarter for the company to achieve this status.

Who is Longi Green Energy Technology?

LONGi Green Energy Technology Co., Ltd. was established in 2000 and is committed to becoming the most valuable solar energy technology company in the world. Click and learn more about LONGi.

What does LONGi Solar do?

Longi Solar is on a mission - to accelerate the adoption of sustainable energy solutions to address the pressing challenges of climate change and achieve clean energy equity worldwide. And to achieve this, the Chinese technology company is focused on two key things - innovation and forming partnerships.

Who is Longi group?

We are committed to be the most valuable solar technology enterprise in the world. Founded in 2000, LONGi Green Energy Technology Co., Ltd. (hereinafter abbreviated as LONGi Group) is committed to be the most valuable solar technology enterprise in the world.

What does Longi stand for?

We are committed to being the most valuable solar technology company in the world. Founded in 2000, LONGi Green Energy Technology Co., Ltd. (LONGi) is committed to being the most valuable solar technology company in the world.

What is Longi technology?

LONGi technology refreshed three world efficiency records and leads the technological revolution of the industry again. The conversion efficiency of N-type TOPCON is 25.21%, P-type TOPCON is 25.02% and HJT technology is 26.30%. *Tested by German Hamelin Solar Energy Research Institute (A world recognized Authoritative Institution)

Longi Hi-MO 7 solar Panels LONGi's Hi-MO 7 is the latest generation of high-efficiency modules specifically designed for utility applications. These modules utilize n-type HPDC (High Performance and Hybrid Passivated Dual-Junction Cell) technology and boast a standard size of M10-72c 2278×1134mm.

LONGi plans to integrate solar power plants with pumped storage in areas that feature significant elevation differences and abundant sunlight, creating an industrial model for using solar. Learn More In 2018, Li Zhenguang, founder and president of LONGi, visited Cambridge University while attending a PhD program at Tsinghua University.

Longi (Sicilian: Lonci) is a comune (municipality) in the Metropolitan City of Messina in the Italian region Sicily, located about 120 kilometres (75 mi) east of Palermo and about 70 kilometres (43 mi) west of Messina.. Longi borders the following municipalities: Alcara li Fusi, Bronte, Cesarò, Frazzanò, Galati Mamertino, Maniace, San Marco d'Alunzio, Tortorici.

With the goal of safety, green and high efficiency, Longji source network load storage integration innovates the power production and consumption mode, explores the development path for building a new generation power system with high integration of source network load, and realizes the deep coordination of source, network, load and storage.

Since 2015, LONGi has located its operations in Kuching, Malaysia, to utilize the abundant local hydropower resources to provide clean energy for its facilities. LONGi plans to integrate solar power plants with pumped storage in areas that feature significant elevation differences and abundant sunlight, creating an industrial model for using solar.

LONGi hat das Modell ""Solar for Solar"" vorgeschlagen, um kostengünstige saubere Energie für die Welt zu erzeugen und gleichzeitig saubere Produktions- und umweltfreundliche Fertigungskonzepte zu praktizieren. Seit 2015 hat LONGi Niederlassungen in Yunnan, China, und Kuching, Malaysia, gegründet, um die dortigen reichhaltigen ...
