Morocco solar panels for fridge and freezer

Hi, new here, I'm trying to come up with a decent package to run my Two refrigerators and a Freezer chest. One of the refrigerators pretty new not even a year-old, runs at 5 amps 120v (that's on the door decal), that gives about 600watts. The other refrigerator is about 15 years old, NO STICKER, but I assume it pulls more power, being that old.

The DCF-208 solar freezer is an efficient and eco-friendly cooling solution with a generous 200-liter capacity, ideal for medium-sized families. This versatile solar freezer can be powered by solar energy or a 12/24V DC power source, making it perfect for both off-grid and on-grid applications.

The DCR-258 solar refrigerator offers a robust and efficient cooling solution with a spacious 258-liter capacity, ideal for medium to large-sized households. It can be powered by a 12V or 24V DC solar panel or an AC 220V power source for flexible energy options.

Get the Solar Go-Fridge®; a 3-in-1 solar-powered fridge, freezer, and deep freeze with advanced thermoelectric technology that never needs ice. 365 day returns ? Save \$500.00 on the NEW "Holy Grail" of Backup Power
