The Bambous solar photovoltaic power plant has begun operating in the western Riviere Noire district. With peak output of 15.2MW, it is the first utility-scale solar facility to be built in the country. Germany's Tauber Solar Energietechnik GmbH and Mauritian firm Sarako, founded in 2013 to develop solar energy in Mauritius and southern Africa, signed an energy ...

Port Louis, Mauritius is a pretty good location for year-round solar energy production due to its tropical climate. This means that it gets a consistent amount of sunlight throughout the year, which is crucial for generating solar power. The amount of electricity produced by each kilowatt of installed solar varies with the seasons: in summer you can expect around 7.76 kWh per day, in ...
