

National conference focuses on energy storage

What is a battery and energy storage Conference?

Topics include Transportation Electrification, Grid-Scale Energy Storage, Manufacturing & Recycling, and the Future of Energy. The 5 th Battery and Energy Storage Conference is a premier event that seeks to engage scientists, engineers, and policy makers working in the fields of energy storage and conversion technologies.

What is the 5th Battery and energy storage Conference?

The 5 th Battery and Energy Storage Conference is a premier event that seeks to engage scientists, engineers, and policy makers working in the fields of energy storage and conversion technologies. Argonne National Laboratory is proud to host this year's conference organized by the American Institute of Chemical Engineers (AIChE).

What is included in the Conference package?

Registration closes on July 1. The conference package includes admission to the Wednesday evening reception and two meals per day, breakfast and lunch. The meals are sponsored by two companies, BioLogic, a French multinational that makes measurement instruments, and Vigor, a Houston company that makes gloveboxes and cleanroom equipment.
