page 266 note 12. Some scholars date Duo You ding to King Xuan's reign (e.g. Shaughnessy, Edward L., "The Date of the "Duo You Ding" and its Significance," Early China 9 -10 (1983 - 1985), 55 - 69 CrossRef Google Scholar) the latter paper, Shaughnessy reconstructs the geography of the war and identifies locations mentioned in the Duo You ding ...

However, the topography of the shoreline, including hills and valleys near the site where a nuclear power plant (NPP) is built, may affect the dynamic characteristics of NPP facilities and struct ...

Forests are chiefly responsible for the terrestrial carbon sink that greatly reduces the buildup of CO₂ concentrations in the atmosphere and alleviates climate change. Current predictions of terrestrial carbon sinks in the future have so far ignored the variation of forest carbon uptake with forest age. Here, we predict the role of China's current forest age in future carbon sink capacity ...

The relocation and segmentation of the state of Guo, which has been the subject of great confusion to scholars from ancient to modern times, has become clearer 286 Li FEng's LandsCape and power thanks to Li Feng's readings of western Zhou bronzes, though some of his deductions remain unavoidably speculative (pp. 253-62). if a review is by its nature meant to ...
