

Nicaragua freshtec energy

Who is freshtec energy?

Freshtec Energy is a solar company specialising in the wholesale and retail sales of solar systems : inverters, panels, batteries and all the solar accessories to installers and to the general public. We are an Online store with a physical warehouse, where customers can come to pay and collect their orders.

Is freshtec a good company?

Best solar supply. We have been working with freshtec for a long time. It has been a very good experience with them. Good business indeed and well taking care of their clients. Do not buy solar from Freshtec Energy. No aftersales assistance. Do not use the "technicians" they claim you can contact for any form of installation.

Is freshtec energy a scam?

Freshtec Energy Not a scam, just good business sense! I am in Cape Town and had some worries that the good prices and service was a scam, ... Everything, but! Prices were at least 15% cheaper and one of the pieces was 30% cheaper than anywhere. I spoke to a gentleman called Patric and he was friendly, helpful and very prompt with his service.

Nicaragua: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version.
Energy is a large contributor to CO₂ - the burning of fossil fuels accounts for around three-quarters of global
greenhouse gas emissions. So, reducing energy consumption can inevitably help to reduce emissions.
