Who is Oryx Energy?

Oryx Energies has a dedicated trading and bunkering arm, Addax Energy, which was formed in 1987. Our trading team sources crude oil and refined products on the open market from Africa, Asia, Europe and North America, and supplies them to our downstream activities, as well as third parties.

What is Oryx Energies doing in Kenya?

Oryx Energies' trading arm (Addax Energy) participates in the Kenyan Open Tender System for both crude oil and refined products and has been able to deliver products to Kenya's oil industry by winning these tenders.

How does Oryx Energy work in Tanzania?

Retail network: Oryx Energies has a retail network throughout Tanzania, which supplies fuels, LPG and lubricants to the domestic market. Fuel sourcing: Oryx Energies' trading arm (Addax Energy) sources product for its storage and distribution activities, and supplies third party importers.

Where does Oryx Energies import lubricant?

Oryx Energies also has its own dedicated import terminal in Dar es Salaam for bulk fuels and additional lubricant storage. TIPER was afforded access to a Single Point Mooring (SPM) by the Tanzanian authorities from November 2012, providing a single buoy where all large incoming vessels have to offload.

What is Oryx Energy doing in Zimbabwe?

Oryx Energies has continued to grow its footprint on the continent, expanding its trading activities into the Zimbabwean market in 2021. Through a local affiliate, Addax Energy aims to benefit from the increasing need for gasoline and gasoil in Zimbabwe and continues to actively deploy its resources.

Why does Oryx Energies have an oil terminal in Dar es Salaam?

The terminal enables Oryx Energies to control its sourcing and supply of fuels for its own affiliates across West Africa thanks to its trading arm. From 2020, Oryx Energies commissions the extension of its oil terminal in Dar Es Salaam.
