What is Varo energy?

VARO Energy is committed to accelerating the energy transition with a blend of conventional and sustainable energy solutions. Learn about their innovative approach, reliable energy supply, and sustainable practices that meet diverse energy needs across Europe.

Who are Varo Energy's shareholders?

VARO Energy's shareholders consist of the global investment firm, Carlyle Group and the global energy and commodities company Vitol. The company CEO is Dev Sanyal.

Why did Varo create a new strategy?

Led by a new CEO, VARO wanted to announce a new strategy to be the partner of choice for customers in the energy transition. They needed help with creating a corporate positioning, refreshed visual identity and website, celebrating its past and galvanising excitement for an ambitious carbon-free future.

Does Varo Energy Invest in e-flux?

VARO Energy increases its shareholding in E-Flux to 67.9% and commits significant investment for new market entry in France, Italy, Spain and the UK, and market expansion in Germany.

What makes Varo unique?

VARO produces, stores and markets a wide variety of energy solutions to its customers located across Europe. At VARO, we are entrepreneurial and agile. To deliver our ambitions, we are bringing together people who share a passion for our industry and are willing to have a role in its transformation.

Is Varo reducing its impact on the environment?

VARO is committed to minimizing its impact on the environment. We have set a sector-leading objective to become Net Zero by 2040 with intermediate milestones.

At VARO, we work closely with our customers, other energy peers, engineering & technology companies, financial institutions but also governments to create partnerships that will accelerate the energy transition. And trust is an essential part for making these partnerships work and create long-lasting results. Long-term Energy Strategy & Growth.
