Who is Probe Corporation?

Currently, the Probe Corporation and its subsidiaries are specialised industrial equipment suppliers, providing aftermarket support for global and local brands. Our trademarked Probe ranges, including Probe batteries, ProbeAir compressors and Probenenergy alternative power solutions remain market leaders for all of SADC.

Does probe have a mining division?

It is with these inclusions that Probe could service customers in Gerberha, Kariaga and Bloemfontein. In 2019, Probe's mining division had grown to the point of requiring its own division and formally separated from other divisions to concentrate Probe's efforts to service the mining industry.

Is probe a BEE compliant company?

With Frank and Rick Rovelli at the helm, the family business has grown at 70% per annum for 20 years. Probe is a 49.90% BEE compliant company.

Why did probe join AutoZone?

And so, Probe aligned with Autozone in 2004 to supply auto electrical products to South Africa. 2004 also marked one of the defining moments of forging a path of quality products, quality customer service, and quality installations.
