The LPS is a state-of-the-art, reliable and user-friendly central battery system manufactured by AWEX. It has been designed to meet applicable standards and comprises the proprietary SMART technology. From the functional point of view, the LPS is equivalent to the CBS, however due to its compact size and reduced power output it is intended for ...

Find many great new & used options and get the best deals for Awex Charger L-980 Central Battery System with Visible Scratch on the Item at the best online prices at eBay! Free shipping for many products!

Both types of central system operate on the same principle. The luminaire is fed, via emergency sub-distribution, from the central system. Static Inverter Systems (AC/AC) Static inverter systems operate in a similar manner to AC/DC Central Power Supply Systems, with the exception that the system constantly gives a 230V AC output.
