

Solar battery set up Costa Rica

Hello, in this subreddit you can talk to a mix of Costa Ricans, foreign visitors and expats for a more varied experience and set of answers. Our country slogan is Pura Vida, which to make matters short is like Hakuna Matata, and also hello and goodbye. Our Spanish centered sub is r/Ticos Feel free to ask and share about your recent visit as well.

Costa Rica uses 120V 60Hz A and B / NEMA 1-15 and NEMA 5-15 outlets and they look like this. I am still learning please reply "Pura Vida bot" if I helped. I am a bot, and this action was performed automatically. Please contact the moderators of this subreddit if you have any questions or concerns.

You can buy a 400 volt capable inverter, a communication module and cables, and a display from them. Their system components allow you to build an off grid or one way grid connected system. People in costa rica and other places with sketchy grid power have purchased these systems. And you can too.
