Funafuti, Tuvalu: The installation of Tuvalu's inaugural Floating Solar Photovoltaic (FSPV) system has been successfully completed, with this cutting-edge system seeing 184 solar panels positioned on Tafua Pond in Funafuti. Like many Small Island Developing States (SIDS), Tuvalu has been heavily reliant on imported fuel for its diesel-based power generation system.

Everything from receiving a quote for Solar panels until installation went smooth. The installation was carried out within a week. The communication and the installation was carried out in very professional manner. Special thanks to Ilias and the entire installation team of Solar Fast. Date of experience: October 04, 2024

At Solar Fast, we offer tailored solutions for every property, ensuring you get the perfect fit for your needs. We ensure you have enough panels to meet your energy needs, even with London's unique weather patterns. Add panels to store excess energy for later use or sell it back to the grid for additional income, just like in other regions.
