In the simplest terms, manufacturing is the process of producing actual goods or items/products through the use of raw materials, human labour, use of machinery, tools and other processes such as chemical formulation. This process usually starts with product designing and raw material selection, turning them into an actual product output. Solar Products Manufacturers and ...

Supplying St Vincent and the Grenadines with Solar + Storage Technologies Founded in 2008, EcoDirect is a value added distributor that can help Vincentians homeowners, businesses and commercial projects on St. Vincent, Bequia, Union Island, Canouan and throughout St Vincent and the Grenadines with project design, supply, logistics and technical support.

The battery storage system will help Mustique to increase the contribution of solar energy on the island and to reduce its carbon footprint. Mustique has the goal to increase renewable share to over 75% by 2024 and reduce the emissions by 22% by 2025, in line with St. Vincent & The Grenadines' commitment to the Paris Climate Agreement.

Gabriele Peters Architects Ltd has been designing residential homes and managing construction projects in Bequia and Mustique for the past 15 years. Form, function and value are the cornerstones of our practice creating tropical buildings that harvest the sun, wind and rain and bring the outside in.
