Basseterre Valley Solar PV Park is a 35.7MW solar PV power project. It is planned in Saint George Basseterre, Saint Kitts and Nevis. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently at the under construction stage. It will be developed in a single phase.

Six months after breaking ground at the RL Bradshaw International Airport, the government and Taiwanese mission turned the switch on the region's first solar energy farm. The 1.3 megawatt solar energy farm, designed and constructed by St. Kitts-based Taiwanese company Speedtech, will provide energy to the St. Christopher Air and Sea Port Authority ...

Solar Panels Being Made In Asia. Basseterre, St. Kitts - Nevis May 30, 2012 (CUOPM) Plans to set up a solar panel manufacturing plant in St. Kitts are ongoing and Minister of Housing and Energy, the Hon. Dr. Earl Asim Martin said the next set of low-income homes constructed island wide by the National Housing Corporation (NHC) will be electrified by solar energy.

The Government of St. Kitts and Nevis, the state-owned St. Kitts Electric Company and Leclanch&#233; SA have broken ground on a landmark solar generation and storage project that will provide between 30-35% of St. Kitts baseload energy needs for the next 20-25 years while reducing carbon dioxide emissions by more than 740,000 metric tons.

Construction has begun on a solar-plus-storage project on the Caribbean island of St. Kitts & Nevis, backed by Leclanch&#233; Solrid and MPC Energy Solutions. The launch of the SOLEC power plant is nearly 18 months later than expected with the start of construction first announced back in December 2020, covered by Energy-Storage.news.

The Government of St. Kitts and Nevis, the state-owned St. Kitts Electric Company and Leclanch&#233; SA have broken ground on a landmark solar generation and storage project that will provide between 30-35% of St. ...
