Solar Island Energy is driven to deliver clean-energy solutions to meet our clients energy challenges, allowing them to focus more on their core business and helping them to perform better. Island microgrids can be complex energy projects. Our goal is to make them more commonplace and more ordinary.

I had my solar panels fitted by Greenscape this summer under the Solar Together initiative. Greenscape were the approved installers and the process ran very smoothly - the surveyor and the installers were really good, explaining the components and installation making sure the app was working on my mobile (extremely useful to see how the panels and battery are performing).
