

Sri Lanka stored solar energy

Does Sri Lanka have solar power?

Sri Lanka is an island nation blessed with abundant sunshine and solar energy potential. However, solar power currently contributes just 0.4% of the country's electricity mix. With prudent policies and investments, Sri Lanka can tap into its rich solar resources to meet a substantial share of its power needs from a clean, renewable source.

Why should Sri Lanka adopt solar energy?

Adopting solar energy brings several key advantages for the country: Renewable and sustainable- Solar is a renewable energy source that does not produce greenhouse gas emissions. Expanding solar contributes to Sri Lanka's goals of increasing renewable energy to 70-80% of the energy mix by 2030.

What is the installed solar capacity in Sri Lanka?

Solar power is an emerging energy source in Sri Lanka. According to the Ceylon Electricity Board (CEB), the installed solar capacity was around 164 MW as of 2018, contributing 0.4% of total electricity generation. However, solar adoption is rapidly increasing driven by favorable policies.

How much solar radiation does Sri Lanka receive?

Sri Lanka receives significant amount of solar radiation across all geographical regions. The Global Horizontal Irradiance (GHI) varies between 1,247 kWh/m² to 2,106 kWh/m². It is interesting to note that the intensity of solar irradiation in lowland areas is high compared to mountainous regions.

Is Sri Lanka launching a floating solar plant in Singapore?

An operational floating solar plant in Singapore. Image: Sembcorp Industries. The government of Sri Lanka has entered into a power purchase agreement (PPA) with Australian firm United Solar Group (USG) for a 700MW floating solar and storage project.

Does Sri Lanka have a power purchase agreement with USG?

Image: Terra-Gen /CPA. The government of Sri Lanka has entered into a power purchase agreement (PPA) with Australian firm United Solar Group (USG) for a major floating solar power (FPV) and storage project. The country's Minister of Power and Energy Kanchana Wijesekera announced the PPA on X, formerly known as Twitter, yesterday (12 December).
