Who is Unisolar?

Based on previous personal experiences in energy systems and having it all the necessary European qualifications for photovoltaic systems, the two co-founders established company Unisolar L.L.C., with the aim of reaching the heights of a successful business in the field of renewable energy in Kosovo and wider.

How Unisolar is developing our country?

Here you can see how we are developing our country, with the tireless work of our team ... Unisolar LLC, was founded in January 2021, by electrical energy engineers and the renewed one: Mr. Bujar Guci in Kosovo. Unisolar LLC was founded seeing the need for a serious company, which would be closer to the customers in the field of renewable energy.

Qualify for solar savings with Sunex Solar! Complete our quick survey to assess your electricity use and power bills, and discover how you can benefit from switching to solar energy. Start saving today by filling out our simple qualification form. top of ...

This will be the first large-scale solar photovoltaic plant in Kosovo and will increase installed capacities tenfold from 10.1 MW to 110.1 MW. As a result, the share of solar power in the energy mix of Kosovo will increase from 0.2% to ...

This year, Sunex also began offering its own solar stations. According to Kalyciok, the company is going to sell between 3,000 and 4,000 of these systems in 2011. With its newly developed products, Sunex is planning to further penetrate foreign markets. At the moment, the company sells 60 % of its solar systems to foreign distributors ...

Thermische Solaranlagen wandeln die Sonnenenergie mit SX-Kollektoren in nutzbare Wärme um. Die in den Solarkollektoren erzeugte Wärme wird über das Arbeitsmedium an den Haus- oder Brauchwasserspeicher übertragen und dort gespeichert.
