

# Suntech solar panel manufacturer

Who makes Suntech Solar panels?

The company has been devoted to providing high power, bifacial double glass, intelligent, and lightweight modules. Suntech produces a range of solar panels which are up to 20.7% efficient. Suntech was the third manufacturer in the world to have panels pass their test and contract the prestigious VDE certification.

Who is Suntech?

Suntech, founded in 2001, as a famous photovoltaic manufacturer in the world, is devoted to the R & D and the production of crystalline silicon solar cells and modules for 23 years. The company has its sales areas spread all over more than 100 countries and regions in the world, and the cumulative historical shipments exceeded 50 GW.

Is Suntech a Chinese company?

Suntech Power Holdings Co., Ltd. (Chinese: 尚德; pinyin: Shàngdé) is a Chinese producer of solar panels, with 2,000 MW (2,700,000 hp) of annual production capacity by the end of 2011. It is headquartered in Wuxi, Jiangsu.

Where is Suntech located?

As the center for the company's global operations, Suntech headquarters, in Wuxi, China, features the world's largest building integrated solar facade. Suntech's fortunes have declined significantly since its peak in 2008, due to a glut in the market for solar products and problems with its investments.

Are Suntech Solar panels reliable?

With more than 20 years of photovoltaic experience, Suntech are known for their reliable, tier 1 solar panels. Providing high power, lighter, smarter PV modules. Suntech solar panels are installed in over 80 countries, with panels available for every application. From off-grid systems, to domestic solar, to the world's largest solar power plants.

Where are Suntech Solar panels installed?

Suntech solar panels are installed in over 80 countries, with panels available for every application. From off-grid systems, to domestic solar, to the world's largest solar power plants. Partnering with Greenfield Solar and Youmex, Suntech have delivered 900 MW of Solar projects in the UK. Installing Solar Farms made solely from panels by Suntech.

About Suntech Suntech, founded in 2001, as a famous photovoltaic manufacturer in the world, is devoted to the R & D and the production of crystalline silicon solar cells and modules for 23 years. The company has its sales areas spread all over more than 100 countries and regions in the world, and the cumulative historical shipments exceeded 50 GW.
