

Trina Photovoltaic Panel Quality Grade

Does Trina Solar offer residential solar panels?

Trina Solar currently offers two solar panel lines for residential solutions in the U.S.: the Vertex S/S+ and the Residential line. For solar panels, the most important specs to watch are: Efficiency: How well a solar panel captures sunlight and converts it into electricity for your home, expressed as a percentage (i.e., 22.2%).

Are Trina Solar panels AA rated?

In recent bankability listing by PV Module Tech, Trina Solar were AA rated which was the second high ranking. As a long standing brand in the Australian market, Trina Solar panels have been used across a broad array of residential, commercial and solar farm projects in Australia dating back to the early 2000s.

Who is Trina Solar?

Trina Solar is an innovative solar panel manufacturer that continuously advances its technology. The company prioritizes affordability and performance, resulting in reliable solar panels built with advanced technology. For its residential solutions, Trina Solar uses monocrystalline solar cells with multi-busbar, PERC, and bifacial technologies.

Is Trina Solar a Tier 1 solar company?

Trina Solar is recognized as a Tier 1 solar panel manufacturer by Bloomberg New Energy Finance. However, it's important to highlight that the Tier 1 status mainly indicates a company's financial strength, which is crucial for big projects that need long-term reliability and viability. Trina Solar mainly competes on performance and value.

Is Trina Solar a good brand?

Trina Solar competes with some of the top brands on the market, but they're not number one in any category. Trina Solar does everything pretty well (efficiency, temperature coefficient, warranties, price, etc.), but there's usually a premium solar panel brand that does it better.

How powerful are Trina Solar panels?

The company's most recent breakthrough panel achieved a maximum power output of 740.6 Watts. Alas, you won't be able to install those on your roof, but the residential panels are still adequately powerful. Trina Solar currently offers two solar panel lines for residential solutions in the U.S.: the Vertex S/S+ and the Residential line.
