In addition to US renewables companies taking the hit, Trump's victory has shaken global markets. European clean energy stocks fell sharply following the election, with wind turbine manufacturers Vestas and Nordex trading down around 11% and 7.6%, respectively, while Orsted, the world's largest offshore wind developer, saw a decline of up ...

Modern era and progressing companies are the ones making smart energy systems a top priority. The many benefits associated with smart energy to customers, the environment, as well

More recently, in February 2024, two undersea cables connecting Matsu, Taiwan's outlying island only 9 kilometres from the Chinese mainland, with Taiwan's main island, were allegedly cut by a Chinese fishing vessel and a Chinese cable ship, respectively, within a week. The incident sent a warning signal across Taiwan, but the biggest risk ...

The United States Minor Outlying Islands are nine island territories of the United States. They are Baker Island, Howland Island, Jarvis Island, Johnston Atoll, Kingman Reef, Midway Atoll, Palmyra Atoll and Wake Island in the Pacific Ocean; and Navassa Island in the Caribbean Sea. The islands are grouped together for statistical reasons. They are not administered together.
