

Vanair mobile power solutions Antigua and Barbuda

Where is Vanair manufactured?

Providing Mobile Power Solutions since 1972, Vanair Manufacturing, located in Michigan City, Indiana, offers the most comprehensive product line of vehicle-mounted air compressors, generators, welders, hydraulics, Electrified Power Equipment, chargers/boosters, engine starters, and custom products in the world.

Does Vanair offer engine driven systems?

Vanair's line of engine driven systems deliver rugged, heavy-duty, reliable, and efficient solutions to meet our customers' compressor air needs. PowerFlex(TM) Modular Systems supply you with the power you need.

Who is Vanair?

Since 1972 Vanair has worked toward one goal - being the industry leader in Mobile Power Solutions. During that time, it has been an honor to collaborate with a multitude of companies to engineer products that deliver a true performance edge.

Who owns Vanair?

Lincoln Electric Holdings, Inc. (Nasdaq: LECO) announced that it has acquired Vanair Manufacturing, LLC.

How did Vanair start?

Vanair began with an idea to do it better. In 1972, Vanair Manufacturing began as Sullair PTO, a division of Sullair Corporation. It was there that a new product and industry were born. The product was the vehicle-mounted 185 CFM underdeck rotary screw air compressor.

How many rotary screw compressors does a Vanair have?

Vanair has over 100 standard commercial models ranging from 10 to 1500 CFM and is available in multiple configurations to meet your needs. Utilizing the truck's own engine for power, Vanair underdeck rotary screw compressor systems provide you with the exceptional power your crew needs to get the job done where and when they need it.

An Innovative Idea in Mobile Power Solutions; Vanair began with an idea to do it better. In 1972, Vanair Manufacturing began as Sullair PTO, a division of Sullair Corporation. It was there that a new product and industry were born. The product was the vehicle-mounted 185 CFM underdeck rotary screw air compressor.
