The World Health Organization (WHO) was established on 7 April 1948 as the directing and coordinating authority in global public health within the United Nations system. Working at three levels in the Organization

Like the islands themselves, places to stay in Wallis and Futuna are small and friendly. In Wallis, visitors have a choice of small quality family hotels, a bed and breakfast, an inn and a guesthouse. Each hotel offers guests a catering service, and there are also restaurants and snack bars on the island.

Wallis and Futuna is a Tier I nation in Oceania . Wallis and Futuna, officially the Territory of the Wallis and Futuna Islands (/ˈwʌlɪs ... fuːˈtuːnə/; French: Wallis-et-Futuna [walis e futuna] or Territoire des Îles Wallis-et-Futuna, Fakauvea and Fakafutuna: ʔUvea mo Futuna), is a French island collectivity in the South Pacific, situated between Tuvalu to the northwest, Fiji to the ...

Wallis and Futuna, self-governing overseas collectivity of France consisting of two island groups in the west-central Pacific Ocean. The collectivity is geographically part of western Polynesia. It includes the Wallis Islands (Uvea and surrounding islets) and the Horne Islands (Futuna and Alofi). The capital is Mata-Utu, on Uvea. The island of Uvea takes its ...

This country does not have a Dutch embassy. For travel and residence: [netherlandsworldwide](#) has information on consular services such as applying for a Dutch passport or ID card, a visa or a certificate of residence. You will also find information about the ...

Notably, Wallis and Futuna was the only French colony to side with the Vichy regime during World War II, a phase that ended in May of 1942 with the arrival of 2,000 American troops. In 1959, the inhabitants of the islands voted to become a French overseas territory and officially assumed this status in July 1961.

In 1991, BNP Nouvelle-Calédonie, a subsidiary of BNP Paribas, established a subsidiary, Banque de Wallis-et-Futuna, in the territory. Two years earlier Banque Indosuez had closed its branch at Mata-Utu, leaving the territory without any bank. Following this, the Bank of Wallis-and-Futuna (BWF) with its head office in Wallis was created in 1991.

The PV monitoring system is an advanced technology-based monitoring tool used to monitor and record the performance of photovoltaic power generation systems in real time. It provides accurate monitoring of key parameters such as power generation, voltage, current, temperature, etc. by collecting and analyzing data obtained from sensors on ...

With the rapid development and application of renewable energy, solar technology is becoming one of the major clean energy solutions. However, in order to maximize the utilization of solar resources and ensure the performance and reliability of the system, solar monitoring systems have become an essential tool.

They also bring you luck and you can take them home as souvenirs. Tiaras; flowers are worn in different ways in Wallis and Futuna: as necklaces, symbols of welcome when offered as a gift, as flowery tiaras for all kinds of celebrations, and woven into the long tresses of island women. But most often, a single flower is worn as an ear decoration ...
